Be careful. A hint is sometimes

Dr. CALDWELL made a star-tling discovery shortly after to graduated from medical school back in 1875. He found great numbers - especially older men and women-suffering from constipation, who were taking harsh laxatives and purgatives. So he concluded that many things people take for constipation do more harm than good, and physicians

This thought made Dr. Caldwell conduct a search, and out of it came the prescription which made him famous. Over and over he wrote it, when he found people billous, headachy, out-of-sorts, weak or feverish; with coated tongue, had breath, no appetite or energy. Its acmost obstinate cases, and yet so gentle with women and children. The product you get from your

drug store, today, when you ask for Dr. Caldwell's Syrup Pepsin is put up exactly in accordance with this prescription. It has become the world's most popular lanative. It is a pleasant testing mixture of fresh herbs and other pure ingredients; it is a real corrective for constipation for men, women and children.

A Reasonable Request for Delay.

There can be no question but what that sire th of Silver street extending westward from the Hucking Valley tracks to the Ric-Island pike shows need of reconditioning but even so much may be said for the re quest made to council by a majority of the property owners along that portion of the street who have interested themselves in the matter that the resurfacing of it be deferred for a couple of years.

If we are correctly informed ten preparty Owners representing 84 feet of street frest the last issue of the tery dependable Railway of frontage along the stretch in question have sold in their faight services to more 1000 rolled opposition to the resurfacing of it at long a mile and 179 jounds were used to owners representing 1 and feet of the street other than by way of temporary | 1 10 | the street of the necessary would be a hard | 1 10 | the street with way in the same distance ship just now when they in line with the separate where necessary would be a used for heavy their fill jound and separate run of the country are feeling the black of the industrial and business recession. pinch of the industrial and business "ecession with its consequent unemployment from which the country has just begun to pass

Possibly there would be no objection were council to permit the ratiroad now or at any time before the street may be resurfaced to take up and use the rails as proposed pro vided the railroad should agree forthwith to been the economic situation through at the fill up the right of wav with concrete covered council, and give a . wd and sufficient bond ! to carry out its agreement.

Opportunity Should Be Improved. Estimating the population of Maria a writers figures our appual per capita fire I so for the n tye of rise to fed was it to have the first as will be the as well as callia ost of mantaning our fire legart ment was \$1.71 for the same perci in

her words our average annual fire ions for the jeri I was \$10; . 9 and the average of naintelning our fre decarm a 506 1 0

Now the fire underwriters would have the tity raise tie coat of his treitro ection some thing like \$6.00 a war in ou in it has a reducing the annual fir to but to safe guard against a greater of such a 1 st as would result from a area for for the u saful fighting of which it air brariers hold our defartmit is net adequately manned to in it from to the lyto in crease had not of the fixter the under welters offer to raise the city from clars fre the class four which wit cause a reduction in the insurance rates in all industrial commercial mun if il e i lig struf and almilar

Lot it be haged that the underwriters are working for the rown protection. What of it? If they fell the ne d of greater protection it means that the policy holders are in need of letter protects n for in this mut ter the interest of the Gillerwriters is also that of the undersetter. There never was an honest fire in which they lies holder had adequate insuran e prete il n to coser bis losses. Thriefore the small r the fire loss the better it is for the insure!

The fire underwriters do not to I us that the addition of four men to our force will te the arrangement of the transfer of f et the underwriters point out a number of deficiencies. But they do say that if the city will add four men it will be given a rating which will save in lusurance premiums from two to three dollars for every dollar ex proded in paying the added men Unfortunately the proffer comes at a time

when the city base t funds at hand to accept the proposition, which must be accepted if at ill within the next ninety days or what ever may be the time before the inspectors end their labors in the city

It would not be at all difficult to meet the altuation next year, but the problem of the tily council is to meet it this To do so will take approximately \$3,800 for the remainder of the year Surely Marlon can not afford to sermit so trilling a sum to bar it from a etter rating especially so when the failure to secure the rating this year will mean that the present less desirable rating will hold for years to come

The situation it seems to us is one which should cause the people of Marion to bestir themselves one which should cause our industrial and commercial inferests and owners of business properties to get busy in the raising of the very small aum necessary to cover the pay of the additional men for the remainder of the present year

Cortainly the situation is one which calls for the display of a little civic patriotism

New De luxe Train Going in Service

(N) MARCH 30, the Chesape are and Offio Lines will maugurate new passenger train service between Norfolk, Newport News and Richmond on the East, and Columbus, Toledo, Detroit and Cleveland in the Middle West-and all intermediate points.

In addition to giving a direct service, in which no change of cars will be necessary, the new train will run on a fast schedule.

The finest equipment will be provided, including Pullmans with drawing rooms, compartments and regular berths; during car; coach with new type of individual seat, and lounge observation, which will have a radio and be stocked with latesmagazines, newspapers and stock reports.

This special equipment train will afford luxurious accommodations for coinfortable travel between the interesting and important centers which it will serve.

Prior to regular inauguration of the service there will be public exhibitions of the new train at various points between Columbus, Ohio, and Newport News, Va, beginning on March 20 and ending on March 27

Our friends and patrons are invited to inspect the equipment and to make use of this new service.

Century Old Russian Fair Ordered Closed

MOSCOW—The century-old fair at Nijua-Norgored is being closed on orders of the Commisserat of Trade It is regarded as an unnecessary in-stitution in these days when private stitution in these mays when private frade is rapidly becoming extinct and government trusts have no need to ad-

In Crarist days, and even in the early days of the revolution, the fair was the merca for thousands of mer-chants of the earl, who came with ulk from Persia, ruce and curlosities with trees terms, roter and curvatures from Bokhara and jude from China. Its fashion show and promenade was the opening creat of the social reason for the Cast's court and the nobility from all over Russia.

WHEAT PRICES SHOW UPWARD ADVANCES

Liverpool Quotations Cause Stimulation of American Market

By The Associated Press. CHICAGO. March 17—Hespiter rain in Kousas, wheat prices here advanced early today owing to sharp upturns in Liverpool quotations. Liverpool reported British stocks of wheat decreasing, and said Argurithm sellers had withdrawn from the

Opening % &I'Me up, Chicago wheat futures scored additional gains later. Corn, oate and provisions showed strength also, with corn starting M @2c higher, and afterward

keeping near the opening range.

Forther impetus to upward swlugs of wheat values came about through of wheat visices came most (attorner complaints of damage to wheat in southern Hilionis and southern Indians, Many fields were said to show extensive injury as a result of soil heaving and because of Hessian thy ravages. On the other hand, overnight demand from Europe for wheat from North America gave little sign
